

Kurzweil k3000: Academic Support Software Available Register Today!

What can Kurzweil help me do?

- Track, notate, and comprehend research articles, book chapters, and lecture notes.
- Listen to your required readings like a podcast.
- Translate material into 70+ languages and listen to material in 18+ languages.
- Create summaries and outlines for lecture notes, presentations, and more.
- Correct spelling and grammar, and improve professional writing skills.
- Organize and study research material, even in large volumes (like a thesis or dissertation!).
- Much, much more!

All TCSPP students, faculty, and staff have free access to Kurzweil k3000, an innovative software program that assists with notetaking, exam preparation, thesis and dissertation research, article and book comprehension, and more.

TCSPP Student Registration:

- Register [here](#), using your TCSPP email address. Leave External ID field blank.
- Read the [Installation Guide](#). Install [Kurzweil Web License](#) on your [Mac](#) and/or [PC](#).
 - If you encounter installation issues, contact helpdesk@thechicagoschool.edu and request assistance from a Kurzweil-trained technician.
- Also, utilize Kurzweil via [website](#), an iPad [app](#), or Google [Chrome](#).
- Download an iOS or Android scanner app, like [Genius Scan](#), to import photos of your textbook or journal article readings into Kurzweil as PDFs.
- For usage instructions and ongoing learning, visit [Kurzweil Academy](#).

**Faculty and staff: Email studentsuccess@thechicagoschool.edu for "Teacher" access to Kurzweil.*
